**ADMINISTRATIVE LAW JUDGE'S RULING
GRANTING MOTION TO FIND PROTECTIVE ORDER
APPLICABLE TO ADDITIONAL MATERIALS**

On November 24, 2004, Southern California Edison Company (SCE) filed a motion to find the protective order adopted by my ruling, dated May 21, 2004, applicable to the following materials:

1. SCE's most recent financial projections, including projections of its assets, liabilities, operating revenues, operating expenses, and cash flows through 2013;
2. Presentations concerning financial forecasts about the steam generator replacement project (SGRP) that SCE prepared and provided to rating agencies;
3. SCE's contract with Mitsubishi Heavy Industries for design, fabrication and delivery of the replacement steam generators; and
4. Materials concerning SCE's review and selection/rejection of bids concerning goods and services related to the SGRP.

The materials discussed above merit confidential treatment because they involve regulatory requirements that govern confidential treatment, they are the

subject of confidentiality agreements, or their release could give vendors a competitive advantage over SCE in purchase negotiations. Therefore, I will grant the motion.

Therefore, **IT IS RULED** that the motion of Southern California Edison Company, dated November 24, 2004, to find protective order, adopted by my ruling dated May 21, 2004, applicable to the materials identified therein is granted.

Dated December 1, 2004, at San Francisco, California.
